March 2010

Dear Delegate,

Spring has at last arrived! The daffodils are out and what a sight they are!

We are now ready to receive your registration application for the IMSA CON 2010 scheduled for 10th and 11th September 2010 at the Royal Society of Medicine, 1 Wimpole St, London W1. Please go to www.cambridgehealthcaresolutions.com to register using the online registration form.

I would recommend that you book your accommodation at the same time. If you have any special requirements, such as dietary preferences please fill the additional comments box on the form. There remains the matter of flights and any excursions you wish to undertake both pre or post conference. Please do indicate your requirements in this respect. We would also like to know if you require help with visa formalities. Our agents can undertake this on your behalf.

Dr Harvinder Luthra is organising an extremely stimulating educational programme and we are currently in the process of organising the CME accredited programme.

In addition to the Gala Black Tie Dinner at the prestigious British Medical Association House, there will be an active and varied social programme that will cater for individuals and families. It is a pleasure to advise you that we have received a substantial number of enquiries from our colleagues in India and worldwide. To ensure that all goes smoothly and without any hassle, we would urge you to register straight away for the conference indicating at the same time your preferences for social programmes. We will try and cater to your needs.

My colleague, Dr Mak Khan, is co-ordinating the social programme and travel arrangements. Please feel free to direct any enquiries you may have to mak@cambridgehealthcaresolutions.com

With every good wish.

Raghu Gaind
Organising Chairman
