PRESIDENT WRITES

Dear Fellows and Members,

This issue of JIMSA brings a comprehensive cover of the speciality of orthopedics and trauma. The challenge of orthopedics in this country, which is making steady progress, is basically in regenerative and reconstructive interventions. The days are not far off, the worn out joint will regenerate in order to provide a new pain free and productive joint.

Our ambitious vision and program is to make a world class head quarters at the site allotted. Let us make it happen within the coming two years for which resource mobilization is to be taken up as a challenge and duty by all the fellows and members. In November 2011, we will meet in Hyderabad during our annual meeting IMSACON 2011.
