PRESIDENT WRITES

Dear Fellows, Members and Associate Members,

The quality of original articles, review articles and case reports in this issue of our journal are of quite good standard. I would like to make an appeal to our fellows and members to promote our CME activities, which is one of our main thrust areas. To extend the same to some of the remote areas, may I put it as to reach the unreachable. With this CME promotion we could definitely improve the health of the people both physical and mental, which will be the lasting solution for prosperity, progress and goodwill.

Our annual convention is fast approaching which is taking place in Bangkok on 11th & 12th October 2014. Please make it convenient to be present and deliberate for the benefit of medical fraternity.
